REACH STATEMENT

Dear Customer

We are aware of the REACH Regulation EC 1907/2006 that came into force Jun 2007.

Elder Engineering (Herts) Ltd has contacted our suppliers and to the best of our knowledge and belief none of the articles that we sell intentionally contain any of the Substances of Very High Concern (SVHC's) currently on the candidate list in concentrations of >0.1% by weight.

The list of substances can be found at: <https://echa.europa.eu/candidate-list-table>

We are following the REACH regulation and as downstream users, have requested the required updates from our suppliers as appropriate. However, we would also like to advise that all of our Plastic Rod, Sheet, Plate, Extrusions, Mouldings, Tapes, Foams and Plastic Finished parts are defined as Polymers according to the REACH definition (art. 3.5) and are therefore exempt from registration.

The Polymers we used to date do not contain any dangerous substances and preparations according to EC legislation.

Yours sincerely,

Tony Worsley
Managing Director
